## Design Principal Jeffrey L. Brown, IALD, IES

Jeff formed Colorlume Inc. after several years of working on a wide range of lighting projects as a project manager/senior designer for a well known and respected lighting design firm. He took a brief sabbatical from lighting design to oversee and direct the application design engineering efforts for a noted fiberoptic lighting manufacturer, gaining valuable insight into the manufacturing end of the lighting business.

### Education/Experience

- Michigan State University, BA Interior Design, 1984
- Senior Designer, Gary Steffy Lighting Design Inc., Ann Arbor, MI, 1984-1993
- Principal, Colorlume Architectural Lighting Design, Ann Arbor, MI, 1993-1997
- Director of Application Design Engineering, Remote Source Lighting International, Research Triangle Park, NC, 1997-1998
- Design Principal, Colorlume Inc. Carrboro, NC, 1998-Present

### Professional Affiliations

#### International Association of Lighting Designers (IALD)

- Professional Member
- Jeff also served as a Secretary for the IALD from 1992-1996 and as a Director in 1997

#### Illuminating Engineering Society of North America (IESNA)

- Professional Member
- Jeff recently served on the Board of Managers for the East Carolina Section from 2003-2005

### Responsibilities

As Design Principal of Colorlume Inc., Jeff provides design lead and management overview on all projects in addition to coordination efforts with the design team. His design responsibilities include initial lighting conceptualization, calculations, specification writing, final design documentation review, shop drawing review, and site review & final aiming.

### Selected Articles

- "Residential Lighting" - Featured Lighting Designer, The Lightologist e-magazine, August/2004.
- "Technique: Home Remedies- Residential Design," Architectural Lighting Magazine, August-September/2000.
- "Integrating the Emergency Lighting into the "Architectural Lighting System," Facilities Design & Management, April/1995.

### Awards

Jeff was the recipient of two International Illumination Design Awards 2003 Awards of Merit for his work on the U.S. Courthouse Annex and the Church of the Holy Spirit, both in Montgomery, Alabama. Jeff was also a member of the design team awarded the IIDA Edwin F. Guth Award of Excellence and the G.E. Edison Award of Merit for the Steelcase Inc. Corporate Development Center in Grand Rapids, MI.

### Other

Jeff lectures on various aspects of lighting at trade shows, conferences and design centers throughout the U.S., most recently at the IESNA East Carolina Chapter's Lighting Basics Program in 2005. His work has been featured in Architectural Lighting, Record Lighting, Residential Lighting, Illuminate (Architectural Products) and Professional Lighting Design Magazines. He holds four patents, including one utility patent for the design of a luminaire used in the commercial office environment.
